UNICODE CHARACTERS

- To add unicode characters use the escape character `\U` followed by the 8 character code for the unicode symbol.
- **Examples:**

Symbol			Short version code	8 character Unicode
	 2615		2615	0000 2615
	 221E		221E	0000 221E
	 1F355		1F355	000 1F355
